Subject: RE: Reminder: July 15 Rally to Protect Our Water from PFOS Poisoning by DoD!

Thanks, gentlemen. Looks like I hit the jackpot! I'll review both presentations and follow up with you. Suffice it to say that the title slide will include all three of our names and affiliations. Thanks again and regards!

Mark,

Absolutely.

Here's my cleared talk for the Northeastern conference in June. It covers the GenX issue and other emerging PFAS. Please feel free to use these slides as you need.

I've also attached Mark's upcoming NH talk as well. I'd guess he'd be fine with you using any of these slides too.

Please let us know if you need any help putting your presentation together.

Thank you,

Andy

Thanks, Andy. BTW, I'm giving a spiel on PFAS at the annual EPA risk assessors meeting (Philadelphia, August 7 -10). I plan on addressing two main topics: 1) what I learned in RTP about GenX and other 'replacement' Perfluorinated compounds, and; 2) my pre-occupation with promoting a clinical study to evaluate the effectiveness on cholestyramine in reducing the biological half-lives of PFAS. Would you and Mark like to contribute to the presentation, particularly, the first part? Regards.

Mark,

Welcome back home.

We're going to be looking into the impact of Chemours in Wilmington for a long time. And GenX is only part of the story.

Please be on the lookout for GenX and the other replacements in R2. This is the big story to me.

We've got a lot of work to do trying to figure out where these replacement compounds are going to show up.

Take care,

Andy

Subject: Reminder: July 15 Rally to Protect Our Water from PFOS Poisoning by DoD!

SAVE the DATE: Saturday, July 15, 11 am to Noon on Route 300 at the City of Newburgh Water-Filter Tanks (across from Moroney's Motorcycles), for the "Rally in the Valley" to get the **U.S. Dept. of Defense** to stop poisoning the Hudson and Orange County's streams with PFOS! Join us in demanding that DoD stop discharging water from Rec Pond at Stewart ANG Base **NOW!**

Please forward this message to everyone you know who cares about the health of the Hudson River and Orange County's families. Invited speakers include our federal and state elected officials.

Thanks,

Genie Abrams

Ward 2, Newburgh City Council

Ex. 6 Personal Privacy (PP)

(P.S. It would be ideal to **carpool** to the rally, to ease parking. Park in any vacant lot on Rte. 300, such as the old Steak & Stein, the lot at the "Available" sign, etc. Do NOT park at Moroney's or the current Granite Co., which are both busy on Saturdays and need their parking spots for their customers.)
